

CAMDEN SHOW

One of the highlights of the Mater Dei calendar for students and staff is the chance to attend the Camden Show. Anticipation was high after the unfortunate cancellation due to the rain last year, however the weather turned out perfectly for the day, so on Friday March 20, all students in Years 1 – 12 set off for what would be a hot and tiring but excellent day. This was a logistical operation of military standards to ensure the best and safest time was had, and all efforts were well and truly worth it, as our students were absolutely beaming! The most popular exhibits were, unsurprisingly, the animal nursery, the emergency services display and the education pavilion. Special mention must go to the students of 2/3 Polding and 3/4 McCabe, who were awarded a Highly Commended prize by the judges for their entrant in the Scarecrow Competition, aptly named, "McPolding"!
