

CELEBRATION OF LEARNING

Catholic Schools Week was celebrated by all schools throughout NSW and the ACT in early March. The Mater Dei community marked the occasion by hosting a 'Celebration of Learning' session on Friday March 13. Around 200 parents, family members, friends and carers joined our students in their classrooms, to see the great work they had been engaging with recently. Many guests participated in reading, craft and technology activities with our students, even awarding special stickers for their favourite piece of work! During the day a delicious morning tea was shared by all in the Sr Carmela Ritchie Hall, where the popular school choir performed to everyone's delight!

"We were so pleased to have the opportunity to spend time in the classroom with Charbel and we feel so lucky that he is a student here," said Elie, Charbel's dad.
