

CELEBRATION OF LEARNING

This year Mater Dei celebrated Catholic Schools Week by hosting our annual Celebration of Learning Session on Friday March 4. More than 160 parents, carers and family members took the opportunity to visit and spend time in their child's classroom, where students proudly showed their work. It was also a chance to show special features and displays in each classroom and demonstrate some daily learning activities.

All guests were treated to morning tea in our Sr Carmella Ritchie Hall, where CEO/Principal Tony Fitzgerald updated them on the initiatives occurring across the school in the areas of curriculum, staff professional learning and Structured Work Placement.

It was a wonderful day that helped strengthen the relationships between everyone who has a stake in our school – students, staff, families and members of our wider community.
