

CELEBRATION OF LEARNING

We celebrated Catholic Schools Week by hosting our annual Celebration of Learning Session on Friday 10th March.

More than 160 family members and visitors took this fabulous opportunity to spend time visiting our classrooms. Displays of student work graced the walls and students proudly showed their work to enthusiastic families and friends. There were special features and displays to demonstrate some of the daily learning activities that take place in our classrooms.

All our guests were treated to a delicious morning tea while our CEO/Principal Tony Fitzgerald updated them on the wonderful initiatives occurring across the school.

Much to the delight of our guests there was also a special performance by the school choir.
